

6 Alternative Ways to Use Wallplanks

1. Headboard

Instead of the usual headboard, install Wallplanks at the head of your bed. Frame the planks with matching trim and you're good to go!

2. Ceiling

You can use 18-gauge finish nails every 16" on both ends of the plank to further secure them to the ceiling. Whenever your guests look up, they'll see your special creation!

3. Range Hood

Does your old stove range hood need a refresh? Wipe it clean, cut your planks to size, then peel and stick.

4. Backsplash

Make a statement piece in your kitchen with a backsplash! It's also very easy to keep clean.
