Anti-fracture up to 1/8" (3 mm) cracks

BENEFITS

You are guaranteed to comply with building codes all across the country, assuring your project will not be compromised by a substandard waterproofing membrane.

LATICRETE® 9235 Waterproofing Membrane can be used in all waterproofing applications, including pools, spas and continuous submersion without fear of breaking down or deteriorating.

No special tools, no special skills, simply use a paint roller or brush.

Eliminates changes in planes with surrounding floor finishes; encourages design options such as curves, chamfer and slopes.

Works double duty, with anti-fracture capabilities that reduce the risk of cracked or loose tile as well as preventing water damage.
