

Box Rail

Heavy-duty protection for your back room and vestibule!

Box Rail protects against the daily punishment of warehouse and stocking equipment. It offers retailers more options, applications and protection over concrete curbing. Great for use in vestibules, in-store cart corrals and exterior applications.

Modular design for any application with features that are easy to assemble and replace

Impact-resistance tested to 300 ft/lbs

Fixed to the floor with self-threading concrete anchors

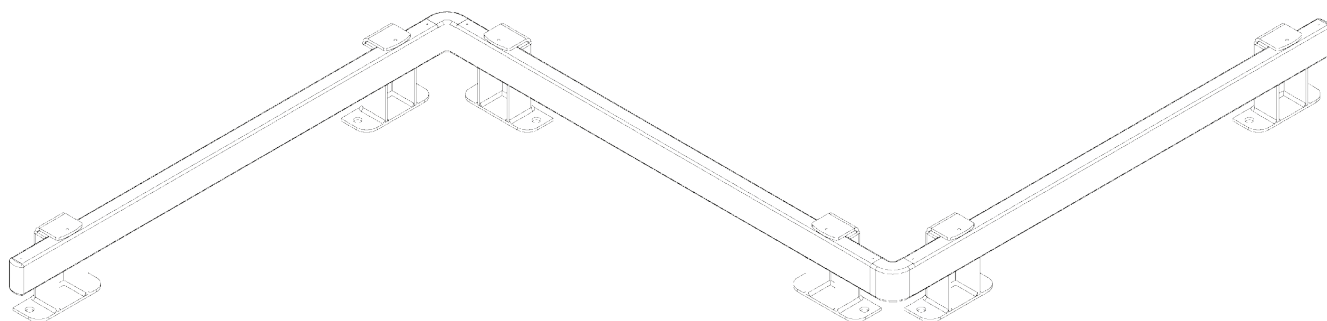

A floor-mounted rail system that looks great on the sales floor!

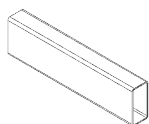

Box Rail

Get heavy-duty protection with our floor-mounted rail system!
