

# A SIMPLE, ONE-STEP ALTERNATIVE TO TRADITIONAL "PIPE & GRAVEL" DRAIN SYSTEMS!

**EZflow™**

A prefabricated trench  
drain that is perfect for  
**CRAWL SPACES** with  
standing water.

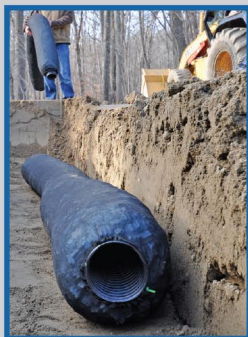

**Can cut installation time by  
MORE THAN HALF!**

Compared to messy, pipe &  
gravel installations.

## **EZFLOW IS IDEAL FOR:**

- Crawl Space and Interior Basement Drainage
- Exterior Foundation Drains
- Landscape "French Drains"
- Retaining Wall Drainage

**and more!**

Combines the pipe, aggregate and mesh  
**in one product.**

Uniquely designed with "flow channels"  
for **improved water flow rates.**

Convenient installation - **no heavy  
gravel needed!**

Highly **reliable** and **durable/crushproof.**

Quickly gathers and channels storm  
water run-off.
